

Greetings Awesome Building Units.
If you would like to be featured in the DroidDivision Builders profiles,
copy the questions, and your answers into an Email, and send to..

droiddivision@hotmail.com

Subject, **Builders Profiles.**

Add what you want to your answers, but in general try to keep main focus,
(especially the pics) on DD Droids obviously.

If you want to skip a question that's fine.

If you want to add another different question at the end that's fine.

Add one Instagram (or whatever) link if you would like us to add it.

Include up to 5 good pics.

One can be of yourself with DD Droid/Robots if you like, but not necessary.

I only intend to add one profile every few weeks so please only send us the profile if
you don't mind a possible wait to get it posted up.

I may have to edit slightly if you use copyrighted words for instance, or if its just too
long lol.

Thank you so much for your support, Dave :)
